## SUMMARY

---

I'm Sohail Shaikh, a B.Tech (Computer Science) student with a strong foundation in programming languages such as Python and C++, along with practical knowledge of database management using MySQL. Passionate about software development, problem-solving, and building efficient, scalable solutions. I have hands-on experience working on projects involving web development, deep learning, cybersecurity, and CRM systems. I'm seeking entry-level opportunities or internships to apply my technical skills, contribute to innovative projects, and continue growing in the field of software engineering, artificial intelligence, and cybersecurity.
